Carbon Bolt™

The Carbon Bolt™ Plunger

DURABLE, LOW MAINTENANCE, ECONOMICAL SOLID PLUNGER

APPLICATIONS

- Suited for a variety of applications including **horizontal and directional wells**
- Effective against **paraffin, salt and scale producing wells**
- Used in **moderate to high liquid producing wells**

FEATURES AND BENEFITS

- **Dual Spin-cleaning** flutes work on cutting debris during plunger downstroke, extending the life of the plunger and reducing wear
- Variable groove depth and spin turbulence **increases sealing efficiency**
- Hardened solid plunger with grooves designed to remove liquid in wells with moderate to high gas volumes
- Economical, high quality plunger made of hardened alloy steel
